

PUBLICATIONS (last updated on September 22, 2022)

JOURNAL ARTICLES

Arendt, F., Forrai, M., & Mestas, M. (2022). News framing and preference-based reinforcement: Evidence from a real framing environment during the COVID-19 pandemic. *Communication Research*. Advance online publication.

Scherr, S., **Arendt, F.**, & Haim, M (2022). Algorithms without frontiers? How language-based algorithmic information disparities for suicide crisis information sustain digital divides over time in 17 countries. *Information, Communication and Society*. Advance online publication.

Arendt, F., & Mestas, M. (2022). Coronavirus disease (COVID-19) pandemic and stock price crashes: A cross-national correlational approach. *Health Communication*, 37, 760-767.

Arendt, F., & Mestas, M. (2022). Celebrity suicide of a pre-world war I spy: Colonel Redl and the Werther effect. *Crisis: The Journal of Crisis Intervention and Suicide Prevention*, 43(2), 112-118.

Niederkrötenenthaler, T., Till, B., Kirchner, S., Sinyor, M., Braun, M., Pirkis, J., Tran, U., Voracek, M., **Arendt, F.**, Ftanou, M., Kovacs, R., King, K., Schlichthorst, M., Stack, S., & Spittal, M. (2022). Effects of media stories of hope and recovery on suicidal ideation and help-seeking attitudes and intentions: Systematic review and individual participant data meta-analysis of randomised controlled trials. *The Lancet Public Health*, 7, e156–68.

Scherr, S., Reifegerste, D., **Arendt, F.**, van Weert, J., & Alden, D. (2022). Family involvement in medical decision making in Europe and the United States: A replication and extension in five countries. *Social Science & Medicine*. Advance online publication.

Mestas, M., & **Arendt, F. (2021).** Suicide of a tenor amidst the stage setting of the Werther opera's death scene: A historical case report. *Crisis: The Journal of Crisis Intervention and Suicide Prevention*. Advance online publication.

Arendt, F., Mestas, M., & Forrai, M. (2021). Uncovering blind spots in the intention to provide adequate help to suicidal individuals: An exploratory web-based experiment. *Crisis: The Journal of Crisis Intervention and Suicide Prevention*. Advance online publication.

Arendt, F. (2021). Assessing responsible reporting on suicide in the nineteenth century: Evidence for a high quantity of low-quality news. *Death Studies*, 45(4), 305–312.

Arendt, F. (2021). The opioid-overdose crisis and fentanyl: The role of online information seeking via internet search engines. *Health Communication*, 36(10), 1148–1154.

- Arendt, F., Markiewitz, A., & Scherr, S. (2021). Investigating suicide-related subliminal messages on Instagram: A frame-by-frame analysis of video posts. *Crisis: The Journal of Crisis Intervention and Suicide Prevention*, 42(4), 263–269.
- Dan, V., & Arendt, F. (2021). Visual cues to the hidden agenda: Investigating the effects of ideology-related visual subtle backdrop cues in political communication. *The International Journal of Press/Politics*, 26(1), 22–45.
- Forrai, M., Mestas, M., & Arendt, F. (2021). COVID-19-Impfung, ORF und Servus TV: Zur Korrespondenzbeziehung zwischen der Rezeption von Nachrichten-Kommentaren und der Impfbereitschaft. *Medien Journal*, 45(2), 21–34.
- Mestas, M., & Arendt, F. (2021). Celebrity suicide and forced responsible reporting in the nineteenth century: Crown Prince Rudolf and the absence of a Werther Effect. *Health Communication*. Advance online publication.
- Scherr, S., Haim, M., & Arendt, F. (2021). How search engines may help reduce drug-related suicides. *Drug and Alcohol Dependence*, 226, 108874.
- Till, B., Arendt, F., & Niederkrotenthaler, T. (2021). The relationship between crime-related television viewing and perceptions of the death penalty: Results of a large cross-sectional survey study. *Frontiers in Psychology*, 12, 715657.
- Markiewitz, A., Arendt, F., & Scherr, S. (2021). Verantwortungsvolle Berichterstattung über Suizide: Forschungsüberblick und Empfehlungen für die journalistische Praxis. *Medien Journal*, 44(3), 50–68.
- Scherr, S., Arendt, F., Prieler, M., & Ju, Y. (2021). Investigating the negative-cognitive-triad-hypothesis of news choice in Germany and South Korea: Does depression predict selective exposure to negative news? *The Social Science Journal*. Advance online publication.
- Till, B., Arendt, F., & Niederkrotenthaler, T. (2021). Effects of media portrayals of alleged malpractice in psychiatry and response strategies to mitigate reputational damage: Randomized controlled trial. *Journal of Psychiatric Research*, 138, 456–462.
- Arendt, F. (2020). The press and suicides in the nineteenth century: Investigating possible imitative effects in five territories of the Austro-Hungarian Empire. *Omega: Journal of Death and Dying*, 81, 424–435.
- Arendt, F. (2020). Prejudiced responses in patient-physician communication? No evidence for across-the-board unintended effects in majority patients. *Health & New Media Research*, 4(1), 31–45.
- Arendt, F., Forrai, M., & Findl, O. (2020). Dealing with negative reviews on physician-rating websites: An experimental test of how physicians can prevent reputational damage via effective response strategies. *Social Science & Medicine*, 266, 113422.

- Arendt, F., & Karadas, N. (2020). Implicit and explicit attitudes toward Germany as news-choice predictors in Muslims with migration backgrounds living in Germany. *Communications: The European Journal of Communication Research*, 45(4), 440–462.
- Arendt, F., Haim, M., & Scherr, S. (2020). Investigating Google's suicide-prevention efforts in celebrity suicides using agent-based testing: A cross-national study in four European countries. *Social Science & Medicine*, 262, 112692.
- Arendt, F., Markiewitz, A., Mestas, M., & Scherr, S. (2020). COVID-19 pandemic, government responses, and public mental health: Investigating consequences through crisis hotline calls in two countries. *Social Science & Medicine*, 265, 113532.
- Arendt, F., & Romer, D. (2020). Problems posed by the Werther effect as a “net effect”: A comment on recent scholarly work on the effects of “13 Reasons Why”. *British Journal of Psychiatry*, 217(6), 665–666.
- Arendt, F., & Scherr, S. (2020). News-stimulated public-attention dynamics and vaccination coverage during a measles outbreak: An observational study. *Social Science & Medicine*, 265, 113495.
- Markiewitz, A., Arendt, F., & Scherr, S. (2020). #suizid. Zur Darstellung von Suizid in sozialen Netzwerken und den möglichen Auswirkungen auf Jugendliche. *Klug*, 65, 19–25.
- Niederkrotenthaler, T., Braun, M., Pirkis, J., Till, B., Stack, S., Sinyor, M., Tran, U., Voracek, M., Cheng, Q., Arendt, F., Scherr, S., Yip, P., & Spittal, M. (2020). Association between suicide reporting and suicide: Systematic review and meta-analysis. *The BMJ: British Medical Journal*, 368, m575.
- Arendt, F. (2019). Investigating the negation of media stereotypes: Ability and motivation as moderators. *Journal of Media Psychology*, 31, 48–54.
- Arendt, F. (2019). Suicide on Instagram: Content analysis of a German suicide-related hashtag. *Crisis: The Journal of Crisis Intervention and Suicide Prevention*, 40, 36–41.
- Arendt, F., & Brosius, H.-B. (2019). Soziale Vergleiche und Medienwandel: Eine medienhistorische Perspektive von der Frühen Neuzeit bis 1900. *Medien Journal*, 43(2), 4–22.
- Arendt, F., & Scherr, S. (2019). Investigating an issue–attention–action cycle: A case study on the chronology of media attention, public attention, and actual vaccination behavior during the 2019 measles outbreak in Austria. *Journal of Health Communication*, 24(7-8), 654–662.
- Arendt, F., & Fawzi, N. (2019). Googling for Trump: Investigating online information seeking during the 2016 U.S. Presidential Election. *Information, Communication, and Society*, 13, 1945–1955.

- Arendt, F., Haim, M., & Beck, J. (2019). Fake News, Warnhinweise und perzipierter Wahrheitsgehalt: Zur unterschiedlichen Anfälligkeit für Falschmeldungen in Abhängigkeit von der politischen Orientierung. *Publizistik*, 64, 181–204.
- Arendt, F., Hauck, P., Mayr, J., & Negwer, F. (2019). Anti-stigma HIV-related social advertising: No evidence for side effects on condom use. *Health Communication*, 34, 135–138.
- Arendt, F., & Karadas, N. (2019). Ethnic concordance in patient–physician communication: Experimental evidence from Germany. *Journal of Health Communication*, 24, 1–8.
- Arendt, F., Northup, T., & Camaj, L. (2019). Selective exposure and news media brands: Implicit and explicit attitudes as predictors of news choice. *Media Psychology*, 22, 526–543.
- Arendt, F., Scherr, S., & Romer, D. (2019). Effects of exposure to self-harm on social media: Evidence from a two-wave panel study among young adults. *New Media & Society*, 21, 2422–2442.
- Arendt, F., Scherr, S., Pasek, J., Jamieson, P., & Romer, D. (2019). Investigating harmful and helpful effects of watching season 2 of 13 Reasons Why: Results of a two-wave U.S. panel survey. *Social Science & Medicine*, 232, 489–498.
- Markiewicz, A., Arendt, F., & Scherr, S. (2019). Increasing adherence to media guidelines on responsible reporting on suicide: Suggestions from qualitative interviews with German journalists. *Journalism Studies*, 21, 494–511.
